Osler's Franchise team comprises internationally recognized legal professionals. Our Group is ranked Band 1 in *Chambers Canada* and recognized in *Chambers Global*, one of the leading legal directories who have dedicated their careers to helping businesses grow through franchising.

With more than 50 years of experience involving more than 500 franchise systems, Osler's Franchise Group advises North American and international brands of all sizes in almost every product and service category.

We are known for our ability to provide thorough but practical business advice and are highly regarded for our pro-active and responsive approach. Our lawyers help emerging and established Canadian franchisors launch or expand their businesses across the country and internationally, and United States and other international franchisors expand their businesses into Canada. We help franchisors comply with the unique requirements for franchising in the Province of Québec.

Our national, full service specialization in the franchise sector allows us to access legal professionals throughout our firm who have a thorough understanding of the franchise business model and who can quickly apply their areas of legal knowledge to our clients' requirements, clarify the challenges, and provide the most efficient path to success. Centralized resources mean that we are positioned to advise on all of your most important franchise matters without delay.

Ask our Franchise Group about our experience in:

- **Franchise Arrangements** – Drafting and structuring direct franchise, master franchise, development and joint venture agreements; preparing national disclosure documents and voluntary disclosure documents.
- **International Arrangements** –The establishment of foreign franchise systems in Canada; "Canadianizing" foreign franchise documents; assisting Canadian-based franchisors

interested in international expansion.

- **Litigation/Class Actions** – Representing franchisors in class and representative actions commenced by franchisees; defending franchisors on claims of breach of the statutory duty of fair dealing; enforcing restrictive covenants and defending injunctions to restrain terminations; provide alternative dispute resolution counsel including mediation and arbitration services.
- **Intellectual Property** – Protection of trade-marks, copyrights, patents, domain names, websites and other intellectual property rights.
- **Québec Law** – Through our Montréal office advice in the development and expansion of franchise systems in Québec, and legal French translation of documents, manuals and other materials.
- **Information Technology and Privacy** – Software licence agreements, information technology acquisitions, licensing and outsourcing, Internet and e-commerce matters, privacy and record retention.
- **Marketing and Distribution** – Packaging and labelling, food, drug and regulatory matters, advertising, contests, consumer protection.
- **Business Law Expertise** – The expertise of our tax, mergers and acquisitions, corporate finance, banking and financial services, competition/antitrust, labour and employment law, real estate, customs and trade and other legal professionals in all areas of importance to franchisors.
