Arshdeep recently completed her second year of law school at the University of Western Ontario. She obtained both her Master of Science and Bachelor of Science degrees from York University. For her graduate thesis, Arshdeep investigated the robustness of existing murine models of myositis and assessed their physiological and immunological effects.

During her time in law school, Arshdeep has demonstrated a commitment to honing her advocacy skills, achieving remarkable success along the way. She has participated in negotiation moots and was a finalist for a trial level advocacy moot. Arshdeep also participated in the Harold G. Fox Intellectual Property Moot, where her team received the runner-up Best Appellant Factum Award.
